Drive to the Nursery for BIG SAVINGS ON HOME GROWN EVERGREENS.

Balled and burlapped. Ready to go. We grow the evergreens we sell. Many sizes and varieties not listed in catalog.

RAPID-GRO

We recommend this fine product to all gardeners for more productive gardens, better lawns; larger and more beautiful blooms. When planting soak roots of roses, shrubs, trees, evergreens, etc. 3 to 5 minutes in Rapid-gro (simply use 1 teaspoon per quart or 4 teaspoonful per gallon, etc.) dip strawbeater, perennials for a few seconds. Pour remainder of solution around plants.

- (Instructions with each package)
- 24A9 — 1 pound makes 22 gallons \$1.25
- 24A10 — 2 pounds \$2.35
- 24A11 — 5 pounds makes 110 gallons \$4.50
- 24A12 — 10 pounds \$8.75

Registered Raspberries

All top grade and size plants
Propagated by the Ohio Small Fruit Improvement Association. Almost disease free; every plant individually hand-tipped, graded and dug by members of the Association under strictest inspection and regulations permitting 1% or less virus disease and not more than 1/4% of galls in parent plants. Spring Hill does not recommend you purchase these extra quality plants unless you can plant them away from uninspected raspberries. An isolated patch with proper care will for outyield ordinary plants and remain healthy for years. We can supply Bristol and New Logan.

3 for \$2.25

ROSA MULTIFLORA

The Miracle-Living Fence

3H1—Protect and beautify your property. A cheap, practical fence that grows so dense no person or animal can get through. The plants grow 6 to 8 ft. tall and 5 to 7 ft. wide, are tough and fast growing. Covered with a multitude of white flowers in spring; loaded with attractive red fruit in fall and winter which provide food for wild life.

Recommended by U.S. Soil Conservation services for livestock farm fence and for factories, parks, estates, institutions, etc. that wish to keep animals and trespassers off their property. Present recommendations by U.S.D.A. are to plant 1 ft. apart in a single row for stock tight fence. Ornamental hedges can be planted 18 inches apart and kept trimmed to desired height. Trial fences planted throughout east, west and south have proven successful. North of Milwaukee there is danger of winter injury. The general use of rose multiflora is just beginning but its value is proven for cheap fence, game management, property protection, windbreaks and erosion control to soil and crops, will last for generations.

BIG DEMAND, WE SUGGEST EARLY ORDERS

6 to 12 inch	12 to 18 inch	18 to 24 inch
10 for .85	10 for \$1.15	10 for \$1.65
